

2022 COMMERCIAL PARTS PROGRAM

Toro and The L.L. Johnson Distributing Company have joined forces to offer you pre-season parts programs that are structured to **simplify your *Genuine O.E.M.* replacement parts purchasing**, and **save you time & money** in the process.

The 2022 Toro Performance Parts & Quick Reference catalog is comprised of *over 5,000 of the most commonly requested O.E.M. genuine replacement parts*, by product category, of which most are kept in stock at LL Johnson.

NOTE: (Very Important: You should always begin by first consulting the illustrated parts manual issued for your specific Toro model number and its corresponding serial number range.)

List the parts you need. Then check the new Toro Performance Parts & Quick Reference catalog to see if your parts are listed as sale-priced parts – if they are listed, you’re going to save money by purchasing *Genuine Toro Parts*. The everyday low prices are listed along with the part numbers for your convenience. That’s the price you’ll get from LL Johnson all year long! Not sure what to order? LL Johnson can provide you with a specific sales history list to help you get started. Call any of our parts professional to get started.

(Sale prices shown in the 2022 Toro Performance Parts & Quick Reference catalog will be effective November 1, 2021 and will expire at midnight on October 31, 2022).

Keep your Toro, A Toro.

Insist on Genuine Toro Parts.

Why buy will-fit?

We know that our customers demand the superior quality, product reliability, and pricing on *genuine* parts that are competitive with the after-market sources. Why use substitute replacement parts when genuine O.E.M. replacement parts are in stock, immediately available, and priced as competitively as the “will-fitters”?

Here's how the program works: PERFORMANCE PARTS CATALOG

First, refer to your Toro or Ventrac product parts manual, then consult the 2022 Toro Performance Parts & Quick Reference Catalog.

If you place an initial order for \$1,000.00 or more of any "Toro Parts" between November 1, 2021 and February 26, 2022 you may qualify for special dating on your invoices.

Place your initial order for \$1,000.00 or more of "Toro Parts" on, or before:

January 31, 2022 – qualify for 120-day terms—Free Shipping

February 28, 2022 – qualify for 90-day terms—Free Shipping

Program order dates are November 1, 2021 through February 28, 2022.

Emergency, rush, or drop-ship orders that require special freight or handling, will disqualify the advertised sale price and will be invoiced at current account terms.

* All prices are subject to change without notice.

* The L.L. Johnson Distributing Company shall not be held liable for "stock-outs" (back orders) cross-referenced items, or substitutions made by the vendor during the course of the program.

Parts look-ups and catalogs available on the web – visit www.Toro.com – go to the Parts tab.

On-line orders are excluded from this offering. C.O.D. and Credit Card purchases are not eligible for dating terms under this program.
